

Because of erroneous teaching, the church is deeply divided along color lines. The mission of the event is to emphasize/highlight the believer's (the body of Christ) responsibility to walk in obedience to Jesus' prayer to our Father - that believers would become one, just as He and the Father are one (John 17:20-23). **This event is bringing Christian colleges, local churches, and local Christian businesses together to respond to the challenge of unity, which necessitates defining articles of division.**
